FIJI

When *Douglas Fairbanks Sr.* produced and starred in *Mr. Robinson Crusoe* in Fiji in 1932, how was he to know that if he had waited 79 years to make his movie he would have received a **47% tax rebate,** plus other financial incentives, access to *full production* and film development facilities on a 3 1/2 hour flight to Sydney or Auckland, a *world class destination* with all the modern amenities, *international banking*, high speed communications, and a welcoming people of diverse cultures and races living in some of the most *beautiful tropical locations* anywhere in the world.
